Dear Voter and Friend of the Family,

Cornerstone Policy Research presents our vote scorecard for the Second Session (2006) of the 159th General Court of the State of New Hampshire. This scorecard reports significant votes cast on a variety of issues affecting the family.

This important tool reflects how your elected officials voted on some of the most important issues affecting our families. The votes recorded here are only a few of the many hundreds of votes the members of the General Court cast in 2006. Keeping this in mind, we tried to select the most clear-cut, pro-family and anti-family votes of this session.

Cornerstone Policy Research is committed to preserving, promoting and protecting your family, your faith and your freedoms in New Hampshire. We will continue to watch the legislative activities in Concord. We need your help. Reporting on the votes is only the beginning of the legislative process. We are dependent upon you to be informed and active constituents who work with us by contacting your legislative member(s) on pro-family issues. As an active, informed citizen, you are the greatest asset in the battle to preserve, promote and protect New Hampshire families. The work can not be accomplished without you.

Thank you for caring. Thank you for getting involved. Thank you for participating in the process.

Executive Director
