

2016 FAMILIES FIRST VOTER GUIDE

About This Guide

Cornerstone’s 2016 Families First Voter Guide presents information that should help you choose the best pro-family candidates in your district(s). This guide lists all candidates of record for U.S. Senate, U.S. House, Governor, Executive Council, State Senate, and State Representative.

How to Use the Voter Guide

1. Using the “Find Your House District” and “Find Your Senate District” pages, look up your town and find your House and Senate districts. (Note: Some communities will have more than one House district. To learn why that is, consult the “About New Hampshire House Districts” section.)
2. Once you have found your districts, turn to the NH House Voter Guide and the NH Senate Voter Guide and look up the candidates running in your district(s).

Find Your NH House District

About New Hampshire House Districts

You will notice that some communities or city wards have multiple House districts associated with them. This is not a mistake. Because of redistricting and the Legislature's effort to balance the requirements of the state and federal constitutions, some communities will have representatives devoted completely to their community. Other communities will have representatives devoted solely to their community as well as representatives for their community and neighboring communities (these are called "floatorial" districts). Those communities that didn't qualify for their own district will only have representatives that they share with neighboring communities.
